

## WEF GENERAL ASSEMBLIES

Note: The names of these meetings changed from time to time. Sometimes, such as the 1968 meeting in Lausanne, Switzerland, it was called a General Council. Also, strictly speaking, the organizing meeting in the Netherlands (formally named the International Convention of Evangelicals) in 1951 was not a General Assembly. However, in the official organizational numbering of the meetings, the Netherlands meeting is always called the 1st General Assembly, so it is so numerated on the following list.
